Morning Murli Om Shanti BapDada

Madhuban

Essence: Sweet children, the Father is giving you the musk of knowledge. Therefore, you should surrender yourself to such a Father. *Follow* the mother and Father and serve to make everyone pure.

Question: What are the signs of fortunate children?

Answer: Fortunate children study and teach others very well. They have firm faith in their intellects. They never let go of the Father's hand. While doing their business etc., they also follow this *course*. They remain very happy. However, even if those who don't have it in their fortune were given a *lottery* they would lose everything.

Song: No one is unique like the Innocent Lord!

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Love, remembrance and *good night* to the sweetest, beloved, long-lost and now-found spiritual children.

Essence for dharna:

1. Become true Brahmins. Don't have any defect inside you. Become a spinner of the discus of self-realisation and blow the conch shell. While doing your business, also do this *course*.
2. Become as merciful as the Father and become a stick for the blind. Make the elevated effort of *following* the mother and Father. Stand on your own feet and don't make anyone your support.

Blessing: May you be *knowledge-full* and finish all feelings of dislike by becoming a *master* ocean of love.

Knowledge-full children, that is, gyani souls are *master* oceans of love for all souls. They have nothing except love. Nowadays, love is even more essential than money. So, become a *master* ocean of love and uplift those who defame you. Just as the Father has feelings of mercy and benevolence for all children, in the same way, the children who are oceans of forgiveness, merciful and equal to the Father cannot have any feelings of dislike for anyone.

Slogan: To finish all limitations and adopt an unlimited attitude and vision is the basis of *unity*. * * *

Night class – 28/3/68

The Father has explained: Have such *practice* that, while seeing everything and playing your *part*, your intellect remains connected to the Father. You know that this old world is going to finish. We have to leave this world and go to our home. This thought cannot enter anyone else's intellect. No one else understands this. They believe that this world is going to continue a lot longer. You children know that you are now going to your new world and that you are learning Raja Yoga. In just a short while we will go to the golden-aged new world, that is, to the land of immortality. You are now changing; you are changing from devilish beings to divine human beings. The Father is changing you into deities from human beings. Deities have divine virtues. They too are human beings, but they have divine virtues whereas the human beings here have devilish qualities. You know that this devilish kingdom of Ravan is not going to remain. We are now imbibing divine virtues. We are also having our sins of many births absolved with the power of yoga. Whether we are actually doing that or not – each one of you knows your own state. Each of you has to bring yourself from degradation to salvation, that is, you have to make effort to go to the golden age. You have the sovereignty of the world in the golden age. There is just one kingdom there. Lakshmi and Narayan were the emperors of the world. The world does not know about these things. Their kingdom begins from 1.1.1. You know that you are becoming that. The Father makes you children even higher than Himself and this is why Baba says "Namaste". There are the Sun of Knowledge, the moon of knowledge and the *lucky* stars of knowledge. You are *lucky*. You understand

that Baba says namaste accurately and meaningfully. The Father comes and gives you lots of happiness. This knowledge is very *wonderful*. Your kingdom too is *wonderful*. Your souls are also *wonderful*. You have all the *knowledge* of the Creator and the beginning, middle and end of the creation in your intellects. You children have to make so much effort to make others the same as yourselves. Each one's fortune is the same as in the previous cycle, but, even then, the Father inspires you to make effort. He cannot tell you who are going to be the eight jewels. It is not in His *part* to tell you. As you progress further, you will come to know your *part*. Whatever effort each one of you makes, so you will make your fortune. The Father is the One who shows you the way and it depends on how much each one follows that. You see this One in the subtle region, Prajapita Brahma is sitting with Him. It is a matter of a *second* to become Vishnu from Brahma and it takes 5000 years to become Brahma from Vishnu. Your intellects feel that that is right. Although people create the Trimurti of Brahma, Vishnu and Shankar, no one understands this. You now understand it. You are such multimillion times fortunate children. They portray multimillions at the feet of the deities. The name of multimillionaires is also remembered. It is the poor and ordinary ones who become multimillionaires. None of the millionaires come here. Those who have five to seven hundred thousand are said to be ordinary. At present, 20, 40 thousand is nothing. If someone is a millionaire, that would only be for one birth. Perhaps they make take a little knowledge; they would not surrender everything after understanding this knowledge. Those who came at the beginning were the ones who surrendered everything. Everyone's wealth was immediately put to use. The wealth of the poor is definitely used. The wealthy ones are told to do *service*. If you want to do Godly *service*, then open a *centre*. Also make effort. Imbibe divine virtues. The Father is also called the Lord of the Poor. At this time, Bharat is the poorest of all. Bharat has the greatest population because it has existed from the beginning. Those who were in the *golden age* are now in the *iron age*. They have become completely poor. While spending money, they have finished everything. The Father explains: You are now once again becoming deities. Incorporeal God is only One. The greatness is only of the One. You make so much effort to explain to others. You make so many pictures. As you progress further, people will understand very well. The *drama* continues to *tick* away. You know the tick, tick of this *drama*. The *act* of the whole world repeats *accurately* and identically every cycle; it continues *second* by *second*. The Father explains all these things and then says Manmanabhav! Remember the Father! What is the benefit of someone going across water or fire? His lifespan cannot increase by doing that. Achcha.
